**OWNER'S PERMISSION FOR RENTER TO
 APPLY FOR SERVICE**

In accordance with Texas Property Code § 92.008, I, the undersigned Property Owner, understand that it is required that I provide access to essential utilities for any tenants, including the ability to obtain water service. I grant authority to the below named Tenant/Applicant to establish service in his or her own name, as well authority for Tenant/Applicant to act and/or grant permission for all items contained in the East Central Special Utility District's Service Agreement as a requirement for such service and subsequently obligate any tenants to assume responsibility for payment of services during his or her tenancy.

TENANT/APPLICANT'S INFORMATION

Tenant/Applicant Name

I have an existing account or I would like to establish an account with East Central SUD.

I do not have an existing account with East Central SUD and I do NOT want to establish service at this time. I understand that electing to proceed in this manner will result in the complete termination of water service to the property upon request by the tenant, and there will be no service available for activities such as cleaning, lawn, maintenance, etc. between tenancies unless I complete my own Service Application, establish my own Service Agreement, and pay any deposit required for such.
